## THE PRICE OF PETROLEUM

Cut Down in Texas, but Raised in Indiana, Ohio and the East.

Corpus, Texas, July 19.—The pipe line company has posted a bulletin reducing the price of crude petroleum of the heavy variety from 25 cents to 20 cents per barrel. Now a word of explanation can be given as to the cause for the action. The producers in the Powell field are much stirred up over it. The price for the higher grade remains the same, 27 cents per barrel.

Montpelier, Ind., July 19.—Another jump of 8 cents in Indiana oil today sent the price to 80 cents and created the greatest excitement in the oil fields. This is an advance of 6 cents in three days. Thousands of barrels are being held here for a further rise. Excitement is intensified by news of a 5-cent advance today in Eastern oils.

Lima, Ohio, July 19.—Crude oil went up 3 cents today, making 6 cents in three days. The advance led to the belief that the Texas field will not cut a serious figure in the production of the Northern fields and operations are being resumed. North Lima is now 55 cents per barrel; South Lima and Indiana 80 cents.
